

K-Love is very important to my family. We like to be able to listen to a radio station without being afraid of what our son might hear. There are no off color jokes or sexual commercials or cussing on K-Love. I think it would be a very negative impact on our community if K-Love were to be displaced by an LPFM broadcaster. It is very refreshing to be able to listen to a positive, encouraging and family building station like K-Love. Please don't let this happen. Our public needs all the positive influences it can get.
